Part A — Understanding the GPF

A.1 What the General Provident Fund Is

The **General Provident Fund (GPF)** is a compulsory, contributory savings scheme for eligible Central Government employees. The subscriber sets aside a portion of monthly pay; the Government holds and accounts for these deposits, adds interest each year, and returns the entire accumulation — deposits *plus* interest — when the employee retires or otherwise leaves service. It is governed by the **General Provident Fund (Central Services) Rules, 1960**, framed under the proviso to Article 309 and clause (5) of Article 148 of the Constitution.

In simple terms: GPF is a forced-saving piggy bank with a guaranteed, tax-free return. You can dip into it during service (advances and part-final withdrawals) and you take the whole amount home at retirement.

A.2 Who Subscribes to What — GPF vs. CPF vs. NPS/UPS

This is the single most common point of confusion. Which fund applies depends almost entirely on **when the employee entered Government service.**

Fund / Scheme	Who it covers	Government contribution?
GPF	Employees who joined on or before 31.12.2003 (i.e. before 01.01.2004), and persons who exercised the one-time option to return to the Old Pension Scheme.	No — only the employee subscribes.
CPF	A small, largely historical class of employees who opted for the Contributory Provident Fund instead of pension.	Yes — employer also contributes.
NPS / UPS	Employees who joined on or after 01.01.2004 (NPS by default; UPS is an option from 01.04.2025).	Yes — but these employees are NOT GPF subscribers.

AMENDMENT NOTE — THE OPS OPTION (VERIFIED)

By **DoP&PW O.M. No. 57/05/2021-P&PW(B) dated 03.03.2023**, a one-time option was given to Central Government civil employees who joined on or after 01.01.2004 **against posts/vacancies advertised or notified on or before 22.12.2003** to be covered under the CCS (Pension) Rules in place of NPS. The O.M. expressly provides that those who exercise this option **shall be required to subscribe to the GPF**. The option had to be exercised by 31.08.2023 and orders issued by 31.10.2023; the NPS account was closed w.e.f. 31.12.2023.

A.3 How This Booklet Is Organised

Part B works through the Rules in their natural numerical order, with each Rule followed, where relevant, by a plain-English explanation, worked examples, and clearly marked notes. Three kinds of notes appear throughout:

- **Amendment / Currency notes** — record the precise notification, O.M. or resolution that fixes the current position, with its date.
- **Exam tips** — highlight the points that examiners most often test.
- **Caution notes** — flag where a figure is dynamic, contested, or where a proposal is pending but not yet in force.

Part C is a rapid-revision section (limits table, key takeaways, common traps). Part D lists the source documents with their dates, so that the currency of every statutory figure can be independently judged.

A NOTE ON RULE NUMBERING

Rules **17 to 30** of the 1960 Rules deal with the optional facility of *financing life-insurance policies* out of GPF — a dormant provision rarely used in practice and not tested in the LDCE syllabus. This booklet therefore moves directly from Rule 16-A to Rule 31, mirroring the practical and examination focus. The omission is deliberate, not an oversight.

Part B — Rule-by-Rule Guide

Rule 1 — Short Title and Commencement

- These rules are called the **General Provident Fund (Central Services) Rules, 1960**.
- They came into force on **1st April, 1960**. (The principal Rules were published vide Notification S.O. 3000 dated 1st December, 1960.)

Rule 2 — Definitions

Unless the context otherwise requires:

- **Accounts Officer** — the officer to whom Government (or, for IA&AD and certain cadres, the Comptroller & Auditor-General) has assigned the duty of maintaining the subscriber's Provident Fund account.
- **Emoluments** — pay, leave salary or subsistence grant as defined in the Fundamental Rules, and *includes dearness pay* appropriate to pay/leave salary/subsistence grant where admissible, and any remuneration of the nature of pay received in foreign service.
- **Family** — defined separately for male and female subscribers:
    - **Male subscriber:** wife or wives, parents, children, minor brothers, unmarried sisters, deceased son's widow and children, and — where no parent is alive — a paternal grandparent.
    - **Female subscriber:** husband, parents, children, minor brothers, unmarried sisters, deceased son's widow and children, and — where no parent is alive — a paternal grandparent.
- **Year** — the **Financial Year** (1 April to 31 March).
- **Leave** — any variety of leave recognised by the Fundamental Rules.
- **Fund** — the General Provident Fund.

TWO PROVISOS ON "FAMILY" EXAMINERS LOVE

(a) A **female subscriber** may, by written notice to the Accounts Officer, **exclude her husband** from her "family" for the purposes of these Rules.

> **(b)** If a subscriber proves that his wife has been **judicially separated** (or has, under the customary law of her community, ceased to be entitled to maintenance), she is no longer treated as a member of the family — unless the subscriber later intimates otherwise in writing.

Rule 3 — Constitution of the Fund

- The Fund is maintained in **Rupees**.
- All sums paid in are credited to the Government account named **"The General Provident Fund"**. Amounts not claimed within six months of becoming payable are transferred to "Deposits" at the end of the year.

Rule 4 — Conditions of Eligibility

- Subscription is **compulsory** for: all **permanent** Government servants; all **temporary** Government servants after **one year** of continuous service; and all re-employed pensioners (other than those eligible for the Contributory Provident Fund).
- **Apprentices and Probationers** are treated as temporary Government servants for this purpose.
- A temporary servant who completes one year of continuous service *in the middle of a month* subscribes from the **subsequent month**.
- Those appointed against regular vacancies and likely to continue beyond a year *may* subscribe **voluntarily** at any time before completing one year.
- The one-year wait is **not** required where a temporary servant is transferred from a Government-owned/controlled body, a State Government, or another Department, provided one year's service was already completed there.

ELIGIBILITY CUT-OFF — THE 01.01.2004 LINE (VERIFIED)

These Rules **do not apply** to Government servants appointed **on or after 1st January, 2004**, who are instead covered by the National Pension System (NPS) — and, from 01.04.2025, optionally the Unified Pension Scheme (UPS). NPS/UPS employees are **not** GPF subscribers.

The **only** route by which a post-2003 entrant becomes a GPF subscriber is by exercising the OPS option under O.M. dated 03.03.2023 (see Part A.2).

Source: Rule 4, GPF (CS) Rules, 1960 (as amended); DoP&PW O.M. dated 03.03.2023.

Rule 5 — Nominations

- On joining the Fund, a subscriber sends the Accounts Officer (through the Head of Office) a **nomination** conferring on one or more persons the right to receive the credit balance on death.
- A subscriber **with a family** must nominate **only** member(s) of the family. (A nomination in favour of a non-family member by a subscriber who has a family is invalid.)
- A **minor** subscriber makes the nomination only on attaining majority.
- Where more than one nominee is named, the subscriber must specify the **amount or share** of each.
- A nomination may be cancelled or replaced at any time by written notice; it **takes effect on the date received** by the Accounts Officer.
- A nomination remains valid even if the subscriber **dies before** it reaches the Accounts Officer; and a nomination made while in service can be altered **even after retirement**, so long as the amount remains unpaid.
- Payment may be **withheld** from a nominee who is facing trial for the murder of the subscriber, pending the Court's decision.

Rule 6 — The Subscriber's Account

An account is opened in the subscriber's name showing: (i) subscriptions; (ii) interest; (iii) bonus (where applicable); and (iv) advances and withdrawals from the Fund.

Rule 7 — Conditions of Subscription

- A subscriber subscribes **every month**, **except** while under **suspension**.
- Subscription is **optional** during leave that carries **no leave salary**, or leave salary equal to or less than **half pay / half average pay**.
- On reinstatement after suspension, the subscriber may pay the arrear subscriptions for that period in **one lump sum or in instalments**.
- No subscription during a period treated as **dies non**; the holder of a **seasonal post** need not subscribe during unemployment; and Group 'C'/'D' Survey-of-India staff on departmental leave are likewise exempt.

- Subscription is **compulsorily discontinued during the last three months of service** before superannuation.

EXAM TRAP — THREE MONTHS, NOT SIX

The compulsory stoppage of subscription is for the **last 3 months** before superannuation (GoI Decision under Rule 7). Options offering "6 months" are wrong. During these three months the subscriber is *still treated as a subscriber* for the death-benefit (DLIS) purpose.

Rule 8 — Rate of Subscription

The subscriber himself fixes the amount of subscription, subject to the following:

- It must be expressed in **whole rupees**.
- It may be any sum **not less than 6%** of emoluments and **not more than the total emoluments** of the subscriber.
- **Reference emoluments:** if the subscriber was in service on 31st March of the preceding year, the emoluments drawn on that date; otherwise, the emoluments on the day of joining the Fund.
- **Variation in the year:** the subscription may be **reduced once** and **enhanced twice** during the course of a financial year.

ANNUAL CEILING OF RS. 5 LAKH — CORRECTED CITATION (VERIFIED)

Rules **7, 8 and 10** were amended vide **Notification No. G.S.R. 96 dated 15.06.2022** (the General Provident Fund (Central Services) Amendment Rules, 2022). The aggregate of monthly subscriptions, together with arrear subscriptions deposited during a financial year, **shall not exceed the threshold limit (at present Rs. 5,00,000)** referred to in Rule 9D of the Income-Tax Rules, 1962 (inserted by Notification G.S.R. 604(E) dated 31.08.2021). This aligns GPF with the income-tax limit on tax-free interest.

Implementing instructions: DoP&PW O.M. No. 3/6/2021-P&PW(F) dated 11.10.2022 and O.M. No. 3/13/2022-P&PW(F) dated 02.11.2022. Where the 6% minimum would push the total past Rs. 5 lakh, the **6% minimum is relaxed** and deduction stops once Rs. 5 lakh is reached in that year.

Rule 9 — Foreign Service or Deputation out of India

A subscriber transferred to foreign service, or sent on deputation out of India, remains subject to the Fund rules exactly as if he had not been transferred or deputed.

Rule 10 — Realisation of Subscription

- Where emoluments are drawn and disbursed on the **last working day** of a month, the subscription is treated as deposited on the **1st day of the following month**.
- **Example:** subscription deducted from the salary of August 2023 is credited to the GPF account as on **1st September 2023**.
- If salary was not drawn due to **departmental negligence**, the subscription is deemed credited on the 1st of the month following the month in which it *fell due*, and interest runs from that date — the subscriber loses nothing.

Rule 11 — Interest

- Interest is declared by Government on a **quarterly** basis and is **compounded annually**; it is credited to the account on the **last day of each year**.
- Total interest is **rounded to the nearest rupee** (50 paise counting as the next higher rupee).
- Where pay was delayed, interest on the subscription runs from the month in which the pay/leave salary **fell due**, regardless of when it was actually drawn.
- If a subscriber draws **more than the credit balance**, the excess is recovered **with interest at 2.5% above the normal GPF rate** (GoI Decision under the Rules).

CURRENT INTEREST RATE — UPDATED FOR THE CURRENT QUARTER

The GPF interest rate for the **first quarter of FY 2026-27 (1 April to 30 June 2026)** has been retained at **7.1% per annum**, notified by the Ministry of Finance, Department of Economic Affairs (Budget Division) vide Resolution **F.No. 5(3)-B(PD)/2023**. The rate has stood at 7.1% since the quarter beginning 1 July 2019.

Currency caution: this figure is **revised every quarter**. Always confirm the rate for the quarter in question from the latest Finance Ministry resolution before use.

Government Decisions on interest near retirement / absconding

- For an **absconding** employee, interest is allowed up to **six months** from the date of the police report that the employee is untraced.
- On **superannuation**, the six-month period for allowing interest **excludes the month immediately succeeding** retirement. *Example:* if 31st May is the last working day, June is excluded and interest is paid from July to December.
- Payment orders issued **after the 15th** of a month are made payable the next month, and full interest is allowed for the month in which the order issues.

Rule 12 — Advances from the Fund (Temporary Advances)

An advance is a **repayable** drawal. The limit is **12 months' pay** or **three-fourths (¾) of the credit balance**, **whichever is less**, for one or more of these purposes:

- **(i) Illness** of self, family member or dependant.
- **(ii) Education** of family members/dependants — primary, secondary and higher education, all streams and institutions.
- **(iii) Obligatory expenses** — betrothal, marriage, funerals or other ceremonies.
- **(iv) Cost of legal proceedings**.
- **(v) Cost of defence**.
- **(vi) Purchase of consumer durables.**
- **(vii) Pilgrimage and visiting places of eminence** — including travel and tourism related activities.

The advance is sanctioned by the **declared Head of Office**. The **Head of Department** may sanction an advance for reasons *not* listed above if satisfied as to the special circumstances.

Key conditions on advances

- **No documentary proof** is required — a simple declaration of the reason suffices.
- **Time limit:** ordinarily **15 days** for sanction and payment; in emergencies such as illness, restricted to **7 days**.
- During deputation on foreign service, **only the parent department** can sanction advances/withdrawals.
- **No advance** during the last **three months** of service.

- For education of family/dependants, an advance is permitted **once every six months**.

Rule 13 — Recovery of Advances

- Recovery begins from the **month following** the month in which the advance was drawn.
- An advance is recovered in **not more than 60 equal monthly instalments**.
- Recovery may be **postponed** on the subscriber's written request while he is on a subsistence grant, or on leave for 10 days or more in a calendar month carrying no/half leave salary.

> **MAXIMUM 60 INSTALMENTS — VERIFIED**
>
> The current ceiling of **60 instalments** is stated in the consolidated **Master Circular F.No. 21/05/2023-P&PW(F) dated 20.10.2023** (para 3.2: "Amount of advance will be recoverable in a maximum of 60 installments"), which consolidates the liberalisation first effected by DoP&PW O.M. No. 3/2/2017-P&PW(F)(i) dated 07.03.2017. The un-amended Rule 13 had provided for a far smaller number of instalments.
>
> *Source: DoP&PW Master Circular F.No. 21/05/2023-P&PW(F) dated 20.10.2023; O.M. No. 3/2/2017-P&PW(F) dated 07.03.2017.*

Rule 14 — Wrongful Use of an Advance

- If the sanctioning authority has reason to believe an advance was used for a **purpose other than** the sanctioned one, it must give the subscriber a **reasonable opportunity** to explain within **15 days**.
- If **not satisfied**, the authority directs repayment — recoverable in **one sum** (if not more than 50% of emoluments) or in monthly instalments — together with interest.

Rule 15 — Withdrawals from the Fund (Part-Final Withdrawals)

A withdrawal is **non-repayable**. **Eligibility:** after **10 years' service**, or within 10 years before superannuation, whichever is earlier.

General limit and the special 90% limit

- **General limit:** up to **12 months' pay** or **¾ of the credit balance**, whichever is less.
- **Up to 90% of the balance** is allowed for **illness** and for **housing** purposes (see below).

Purposes for which a withdrawal may be sanctioned

- **Education** — primary, secondary and higher, all streams and institutions (allowed on an annual basis).
- **Obligatory expenses** — betrothal, marriage, funerals or other ceremonies of self/family/dependants.
- **Illness** of self/family/dependants — up to **90%** of the balance.
- **Purchase of consumer durables**.
- **Housing (up to 90% of balance):** building/acquiring a house or ready-built flat; repaying an outstanding housing loan; purchasing a house site; constructing on an acquired site; reconstructing or adding to a house; renovating/altering an ancestral house. GPF housing withdrawal is **no longer linked to HBA limits**, and the earlier condition to re-deposit on subsequent sale has been **abolished**.
- **Vehicle (¾ of balance or cost, whichever is less):** purchase of motor car/motorcycle/scooter etc. or repayment of a loan taken for it; extensive repairs/overhauling of a motor car; making a deposit to book a vehicle. Permitted after 10 years' service.
- **Group Insurance:** once a financial year, an amount equal to one year's subscription paid towards the Central Government Employees Group Insurance Scheme.

PRE-RETIREMENT ("NO-REASON") WITHDRAWAL — 90% WITHIN 2 YEARS (VERIFIED)

A subscriber due to retire on superannuation may withdraw **up to 90% of the balance, without assigning any reason**, at any time within the **two years** before retirement. The period was enhanced from one year to **two years** by DoP&PW Notification dated 07.03.2017 and is restated in the Master Circular dated 20.10.2023 (para 2.5).

Source: Master Circular F.No. 21/05/2023-P&PW(F) dated 20.10.2023, para 2.5; DoP&PW Notification dated 07.03.2017.

Procedure for withdrawals

- Sanctioned by the **declared Head of Department**; **no documentary proof** — a simple declaration suffices.
- Only **one withdrawal** per purpose — but marriage/education of *different* children, illness on *different* occasions, or further additions to a house are **not** the "same purpose."
- **Time limit:** 15 days ordinarily; 7 days in emergencies such as illness.

Rule 16 — Conditions of Withdrawal

- Any sum withdrawn is subject to the Rule 15 limits (generally 12 months' pay or ¾; up to 90% for housing/illness).
- An **advance** and a **final withdrawal** for the **same purpose** cannot be sanctioned together.
- A withdrawal cannot be sanctioned for **more than one house**.

Rule 16-A — Conversion of an Advance into a Withdrawal

A subscriber who has drawn (or will draw) an **advance** for any permissible purpose may, by written request to the Accounts Officer through the sanctioning authority, **convert** the outstanding balance of that advance into a **final withdrawal**, subject to the eligibility conditions for withdrawals.

Rule 31 — Final Withdrawal of Accumulations

- When a subscriber **quits the service**, the entire credit balance becomes payable to him.
- Recovery of Government dues and final payment of GPF are **not to be mixed up**; an amount **misappropriated** is **not adjustable** against GPF.

Rule 32 — Retirement of the Subscriber

On retirement on superannuation or VRS, on being declared **unfit** by competent authority, or on proceeding on **Leave Preparatory to Retirement (LPR)**, the credit balance becomes payable to the subscriber.

> **NO "NO-DEMAND CERTIFICATE" NEEDED**
> Production of **no-demand certificates** is **not necessary** for making final payment of the GPF balance — a frequently tested point.

Rule 33 — Procedure on Death of a Subscriber

Where the subscriber leaves a family

- If a valid **nomination in favour of a family member** exists, the amount is paid to the **nominee(s)** in the specified proportion.
- If there is **no such nomination** (or it covers only part), the whole (or uncovered part) is paid to the **members of the family in equal shares**.

No share is payable to the following:

- Sons who have attained **majority**; sons of a deceased son who have attained majority.
- Married daughters whose **husbands are alive**; married daughters of a deceased son whose husbands are alive.

- **Exception:** the widow(s) and child(ren) of a **deceased son** receive, between them in equal parts, only the share that son would have received had he survived.

Where the subscriber leaves no family

- If a nomination exists in favour of any person(s), the amount is paid to the **nominee(s)** — even if not family.

Notes on death claims

- Disbursement on behalf of **minors** is allowed up to **Rs. 10,000** without guardianship certificate where the amount standing exceeds Rs. 10,000.
- A **posthumous child** is treated as a member of the family, like a child born before death.
- Where the subscriber is **missing**, the GPF balance is paid to the family after the lapse of the prescribed waiting period (following the police report), per the DoP&PW missing-employee guidance.
- Payment is **withheld** from a nominee facing trial for the **murder** of the subscriber, pending the Court's decision.

Rule 33-B — Deposit-Linked Insurance (Revised) Scheme

On the death of a subscriber, the person entitled to the credit balance is paid an **additional amount** equal to the **average balance** in the account during the **three years (36 months)** immediately preceding death — subject to the conditions below.

Conditions

- The balance must **not have fallen below** the prescribed limit at **any time** during those 3 years (the "3-year test").
- The subscriber must have put in at least **5 years' service** at the time of death.
- The additional amount **shall not exceed Rs. 60,000**.

Prescribed minimum balances (current Rule 33-B)

The Rule, as substituted by the GPF (CS) Amendment Rules, 2009, fixes the limits by reference to **6th CPC Pay Bands and Grade Pay**. The 7th CPC pay-level equivalents are shown alongside as a practical aid:

Minimum balance	Rule text (6th CPC Pay Band & Grade Pay)	7th CPC equivalent
Rs. 25,000	PB-2 (9,300–34,800) or above, Grade Pay Rs. 4,800 or more	Level 8 and above
Rs. 15,000	PB-2 (9,300–34,800), Grade Pay Rs. 4,200 to less than 4,800	Level 6 to 7
Rs. 10,000	PB-1S/PB-1/PB-2, Grade Pay Rs. 1,400 to less than 4,200	Level 1 to 5
Rs. 6,000	PB-1S (4,440–7,440), Grade Pay Rs. 1,300 to less than 1,400	Pre-revised Group 'D' (below Level 1)

DLIS — CORRECTED CITATION & THE RS. 60,000 CAP (VERIFIED)

The current Rule 33-B was substituted by **Notification S.O. 1529 dated 27.05.2009** (published in the Gazette of India on 06.06.2009) — the General Provident Fund (Central Services) Amendment Rules, 2009 — circulated vide DoP&PW O.M. No. 45/4/2008-P&PW(F) dated 07.08.2009. This is the source of the minimum-balance slabs above and of the **Rs. 60,000** maximum.

PENDING PROPOSAL — NOT YET IN FORCE

A proposal to **enhance the DLIS ceiling from Rs. 60,000** (to figures discussed in the range of Rs. 3.5 lakh to Rs. 6 lakh, in line with the EPFO's EDLI cover) has been under consideration of the Department of Expenditure since 2019–2021, and was raised in the National Council (JCM) Standing Committee. As on the date of this booklet it has **not** been implemented — the in-force maximum **remains Rs. 60,000**. Verify before relying on any higher figure.

Source: JCM National Council Standing Committee minutes (Item on DLIS revision), 2019–2021.

Further DLIS notes

- The subscriber is treated as a subscriber even in the **last three months** when subscription has stopped.
- For an **untraceable** subscriber, the DLIS benefit is paid only after the lapse of **seven years** (presumption of death).
- DLIS is admissible even in **suicide** cases.
- The average balance is worked out on the balance at the end of each of the 36 months preceding the month of death; payments are rounded to whole rupees. (Being insurance money, the statutory protection of s.3 of the Provident Funds Act, 1925 does not extend to it.)

Rule 34 — Manner of Payment

- When the amount becomes payable, it is the **Accounts Officer's** duty to make payment; payment is made **in India only**.
- Sanction for **delayed interest payment**: the **Head of the Accounts Office** up to one year; the **immediate superior** (Controller of Accounts / Financial Adviser) beyond one year, for any period.

Rules 35 & 35-A — Procedure on Transfer

- **Rule 35:** a subscriber to any other **non-contributory** Provident Fund of the Central/State Government who is permanently transferred to pensionable service under the Central Government has his subscriptions plus interest **transferred** to his GPF credit.
- **Rule 35-A:** on transfer from a Government-owned/controlled body corporate or an autonomous organisation (registered under the Societies Registration Act, 1860), the subscriptions and employer's contribution (if any) plus interest are transferred to the Fund **with that body's consent**.

Rule 36 — Transfer to the Contributory Provident Fund (India)

If a subscriber is later admitted to the **Contributory Provident Fund (India)**, his subscriptions plus interest are transferred to the credit of his CPF (India) account.

Rule 38 — Number of the Account

When paying a subscription in India, the subscriber must **quote his GPF account number**. Any change in the number is communicated to him by the Accounts Officer.

Rule 39 — Annual Statement of Accounts

- As soon as possible after **31st March**, the Accounts Officer sends each subscriber a **statement of account** showing the opening balance (1 April), total credits/debits, interest credited and the closing balance (31 March).
- Subscribers should check the statement and report **errors within three months** of receipt.
- It is **mandatory** for offices maintaining GPF accounts to intimate the particulars of **missing credits** once every financial year.
- A complete inception-to-date statement is to be furnished **two years** before retirement, and again **one year** before retirement.
- Any grievance on the statement must be resolved **within 60 days** of receipt by the office maintaining the account.

Part C — Quick Revision

C.2 Key Takeaways & Statutory Nuances

1. The "Family" definition

- For both male and female subscribers, **parents** are family. A female subscriber may **exclude her husband** by written notice; a judicially separated wife ceases to be family.

- Adult sons, married daughters (husband alive) and major sons are excluded from a *share on death*, though the deceased-son's widow/children take that son's share.

2. **Subscription dynamics**
   - No subscription during **suspension**; optional during half-pay/no-pay leave; **compulsorily stopped** in the last 3 months before superannuation.
   - Flexibility: **reduce once**, **enhance twice** in a financial year.

3. **The "90% withdrawal" clause**
   - The higher 90% ceiling (vs. the usual ¾) applies to **housing**, **illness**, and the **no-reason pre-retirement** withdrawal within 2 years of superannuation.

4. **Deposit-Linked Insurance (DLIS)**
   - Qualify for the additional (max **Rs. 60,000**) only if the balance never fell below the prescribed minimum during the **3 years** before death; minimum **5 years' service** needed.

5. **Advances vs. Withdrawals**
   - **Advance** = repayable (max 60 instalments), sanctioned by Head of **Office**; **Withdrawal** = non-repayable, sanctioned by Head of **Department**. Neither needs documentary proof — a simple declaration suffices.

C.3 Common Examination Traps

- "Year" means the **financial** year, **not** the calendar year.
- Subscription stops for the last **3 months** (not 6) before superannuation.
- Withdrawal eligibility is **10 years** of service (reduced from 15 by the 2017 liberalisation) — beware sources still quoting "15 years."
- Advance recovery is in a maximum of **60 instalments** — not 36, not 180.
- DLIS maximum is **Rs. 60,000** — the higher EPFO/EDLI figure does **not** apply to GPF.
- A Central Govt. employee on deputation to a State draws advances/withdrawals **only** through the **parent** (Central) department.

SUMMARY OF CORRECTIONS MADE IN THIS EDITION

1. Interest-rate reference updated from "Q4 2025-26" to the current "Q1 FY 2026-27 (Apr–Jun 2026), 7.1%".

2. Rs. 5 lakh ceiling citation corrected from "G.S.R. 455(E)" to the correct "G.S.R. 96 dated 15.06.2022" (amending Rules 7, 8 & 10).

3. DLIS citation corrected from "G.S.R. 96 dated 30.01.1989" to "S.O. 1529 dated 27.05.2009", with the actual Rule-33-B minimum-balance slabs added alongside the 7th CPC mapping.

4. A caution added that the proposal to raise the DLIS Rs. 60,000 cap remains pending and is not in force.

5. The 60-instalment and pre-retirement-withdrawal notes re-sourced to the Master Circular dated 20.10.2023 and the 2017 O.M.; "Family" provisos and an OPS-option note added; rule-numbering gap (Rules 17–30) explained.
