Advanced Postal Technology 2.0 (APT 2.0)

DISCLAIMER: *This booklet has been prepared strictly from an examination point of view. While every effort has been made to ensure accuracy and the inclusion of recent changes, amendments, and updates to the relevant Acts, Rules, and Regulations, this document is intended as a study aid only. Readers and students are strongly recommended to refer to official government sources or gazettes for the most reliable and authoritative information.*

Advanced Postal Technology 2.0 (APT 2.0)

Cabinet has approved IT Project 2.0 on **January 19, 2022**. For an outlay of Rs. 5785 Cr. to be incurred for a period of **eight years** from **2022-23 to 2029-30**.

The details of year wise expenditure incurred under IT Modernization Project from FY **2015-16** till date are as below:

Year (FY)	Expenditure (Rs. In Crore)
2015-16	307.19
2016-17	188.41
2017-18	415.63
2018-19	375.32
2019-20	384.68
2020-21	802.02
2021-22	765.33
2022-23	1087.48
2023-24 (so far)	445.41

Dual structure needs to be avoided and only India Post Payments Bank to be used for Banking, Insurance and other financial need.

Core Postal Operations should be the domain of DoP and rest of operation should be merged with IPPB for providing a more integrated inclusive financial and other services to the customers.

Steering Committee empowered to modify the financial and physical parameters of the project which does not lead to substantial change in scope.

Transition Decisions – Decision made by the Steering Committee of Ver 1.0 to transfer the contract management of to IPPB for the following:

1. DATA CENTRE: The data centre facility after the expiry of the current contract w.e.f. **April 1, 2022**.
2. NETWORK: Network Integrator after the expiry of the current contract w.e.f. **April 1, 2022**.

3. BANKING AND INSURANCE: Banking, Insurance and AML after the expiry of the current contract w.e.f. **29.08.2022**.

IPPB Tracks

- Banking & Insurance
- Rural Hardware Devices
- IT Infra Fraud & Risk Management

DoP Tracks

- Postal & Point of Sale
- Accounting and Back office Management
- Field Networks and Postal Hardware

Committees & Roles

Project Steering Committee:

- Sanction all project under DoP IT 2.0 including contract cost.
- Revise the estimates under the overall outlay approved by the MoF.
- Flexibility to modify the financial and physical parameters of the project which does not lead to substantial changes in the scope.
- Monitor and review the implementation of the project and ensure timely completion.

Technology Advisory Group:

- Advice the DoP on Technical Matters.

- The Group shall be constituted by the Secretary (Posts). The Steering Committee members can also be part of the TAG.

Project Evaluation Committee:

- It will be chaired by Secretary Posts. Member (Technology), Respective chairman of PMC, ASFA, One representative from the field (CPMG/PMG) as members and DDG Technology as Convener.
- Scrutinize all deliverables and shall authorize the payment/release of funds to IPPB.

Project Management Committee:

- The functional division head will chair the respective committee with concerned IFA, other functional heads of tracks, PMG/DPS from Field, and GM (CEPT) as members. Director (Tech)/ADG (Tech) will be Member Convenor.
- Responsible for business requirements, SRS (Software Requirement Specifications), UAT (User Acceptance Test), Training and Golive management for both DoP and IPPB tracks.
- Prepare EOI (Express of Interest)/RFPs (Request for Proposal)/SLA (Service Legal Agreement)/MSA (Master Service Agreement).
- Complete owner of the track.
- Responsible for O&M (Operation and Management) phase.
- Access and approve the new requirement and changes required in consultation with the technology division.

CEPT:

- Assist PMC in preparation of scope of work, EOI/RFPs., Bid evaluation, and Master Service Agreement.
- Monitoring of Deliverables and the SLA (Service Legal Agreement).

IT 2.0 Components and Management

S.No	Component	Version	Current Management	Future Management
1.	Data Centre Facility	1.0	DoP	IPPB*
2.	Network Integrator	1.0	DoP	IPPB*
3.	Financial System Integrator	1.0	DoP	IPPB*
4.	Remaining Contracts	1.0	DoP	DoP
5.	Financial tracks Hosting, Security, Server infra & Network	2.0	-	IPPB
6.	Banking & Insurance Application	2.0	-	IPPB
7.	Fraud & Risk Application	2.0	-	IPPB
8.	Tablet/Mobile procurement as a replacement of RICT Devices	2.0	-	IPPB
9.	Mail Management Application (Postal Logistics and back-office mail management, Front end channel apps/website, eCommerce, Philately)	2.0	-	DoP
10.	Field IT Infrastructure (other than RICT device replacement), Network connectivity, DoP tracks hosting, Business Continuity plan of DoP	2.0	-	DoP
11.	Finance, Account, Reporting, Analytics, Application, Inventory, CRM etc. Human Resource and Postal Network Management Application	2.0	-	DoP

*Contract handed over to IPPB w.e.f 01.04.2022.

Solution Architecture

- Banking Solution
- Insurance Management System
- One Postal Interface (One PI)
- One Account Interface (One AI)
- One Management Interface (One MI)
- One User Interface (One UI)
- One Hosting Interface (One HI)

Advanced Postal Technology 2.0 (APT 2.0) is a comprehensive digital infrastructure upgrade for India Post's network of over **1.7 lakh** post offices, designed to modernize postal. This IT 2.0 initiative, developed by the Centre for Excellence in Postal Technology (CEPT), aims to deliver faster, smarter, and more customer-centric services, replacing older systems like SAP and Darpan 2.0 to enhance efficiency and transparency in postal operations.

Key Features of APT 2.0

- **Digital Payments:** Customers can use UPI-based digital payments via QR codes for services such as Speed Post, Registered Post, and Parcels, reducing cash reliance.
- **OTP-Based Delivery:** A new OTP (One-Time Password) based system ensures the security and privacy of deliveries.
- **Real-Time Tracking:** The system provides real-time tracking for parcels and mail.
- **Unified Customer Platform:** A single window platform (Customer Self Service Portal) and the Dak Seva App offer various postal facilities for retail and bulk customers, including self-booking and pick-up services.

- **Modern User Interface:** The system features a modern, user-friendly interface for both staff and customers.
- **GPS Facility:** Postmen are equipped with GPS-enabled devices to improve delivery efficiency.
- **DIGIPIN:** Future integration includes a **10-digit** alphanumeric DIGIPIN for improved accuracy.

Benefits of APT 2.0

- **Improved Customer Experience:** A more user-friendly interface and faster service delivery lead to better customer satisfaction.
- **Increased Efficiency and Transparency:** The digital integration of services and the cloud-based network make operations faster and more transparent.
- **Enhanced Reliability:** The new system makes postal services more reliable, accessible, and smarter than before.
- **Digital Transformation:** APT 2.0 is a significant step in India Post's IT 2.0 modernization project, integrating postal services into digital and online modes.

Rollout and Implementation

- First Pilot Office - Ittigegud SO & all its BO in Mysuru Division was rolled out on **15.05.2025**.
- First Pilot HO - Mysuru HO (including associate offices) & all its SOs/BOs was rolled out on **04.06.2025**.
- First Pilot Division - Complete Mysuru Dn. (including RMS), One HO (along with its SOs/BOs) in each Division and all DOs/ROs/PAO/CO of Karnataka Circle - **17.06.2025**.
- First Pilot Circle - Karnataka Circle was rolled out on **24.06.2025**.
- Complete Rollout of All Circle - **05.08.2025**.

- Rest of the Offices - PSDs, Civil/Electric wing, Directorate, RLO & CEPT - 12.08.2025.
- The system is hosted on the Government of India's MeghRaj 2.0 cloud platform (NIC) and supported by BSNL's nationwide connectivity.

Transition from IT 1.0 to IT 2.0

IT 1.0	IT 2.0
POS & Back Office (Offline)	APT 2.0 web based Internal Portal (Online)
SAP (Online)	APT 2.0 web based Internal Portal (Online)
IVPS (Integrated Postal Verification System) in SAP	Bag Management in APT 2.0
DPMS (Delivery & Postman Management Service) in SAP	PDMS (Postman & Delivery Management Service)
Darpan 2.0 for Branch Office	IMA (Internal Mobile App) for Branch Office Now known as DREAM (Digital Rural Enterprise Application for Mobiles) App
PMA (Postman Mobile App) for Postman	DSS (Door Step Services) App for Postman
TOTP/OTP was not in functioning	TOTP App (Time-Based One-Time Password)/ OTP based secure login
Device Registration was not in functioning.	Device Registration (Desktop, Laptop & Mobile)
Not available in IT 1.0	Customer Self Service Portal

Step by Step Basic functioning of APT 2.0

S.No.	Name of Modules/Card	For which purpose used	Sub Card

IT 2.0 Work Flow Process for HO/SO/BO**Counter Operations**

Work Process	Module	Main Card	Option	Role Assigned	Remarks
Day begin	Treasury	Treasury	Day Begin	PM/SPM/TRR	If previous day end and other shift end should have been done, day end and day begin happen at once.
Work allocation	Booking solution	Tools	Allocate counter	Supervisor	Modify, delete, forcible shift.
Shift begin	Booking solution	Counter operations	Shift begin	PM/SPM/Supervisor	Counter operations.
Request cash	Booking solution	Counter operations	Request cash	PA	For want of cash.
Cash Process	Treasury	Cash/Cheques	Cash process	TRR	For transfer of cash to counter.
Acknowledge cash	Booking solution	Counter operations	Acknowledge Cash Received From Treasury	PA	For acknowledging cash.
Mail booking	Booking solution	Mail booking	Domestic book or foreign book	PA	Transactions booking i.e., RL, SP, PL, EMO either by cash. For foreign article, HS code is mandatory.

Mail booking (Insured)	Booking solution	Quick booking	Insured article	PA	Insured transactions.
Insured article authorization	Booking solution	Mail booking	Insured article authorization	SPM	Insured article authorization (C class No authorization), booking verification.
eMO Booking	Booking process	Money remittances	Domestic EMO book	PA	For booking of EMO.
eMO authorization	Booking solution	Counter operations	Authorize money order	SPM	SPM will authorize or reject money order (C Class No authorization).
Retails operations	Booking solution	Retails services	All retails services	PA	IPO sale, stamps, e-Post, IPO payment, philately, bill collections, all employee payments, holy blessings, NPS.
Cash return to Treasurer	Booking solution	Counter operations	Transfer cash	PA	Transfer of cash to Treasurer by the PA.
Receive cash	Treasury	Cash/Cheques	Cash process	Treasurer	Treasurer will receive the cash.
Submit account	Booking solution	Counter operations	Submit account	PA	Submit account - Generate account. If any cash differences, adjust receipt or payments and click on submit.
Verification of counter account	Booking solution	Counter operations	Verify accounts	SPM	SPM will verify the accounts submitted by counter PA.
Shift end	Booking solution	Counter operations	End your shift	PA	PA will do the shift end. (All the reports have to be

					generated before shift end only).
Day end	Treasury	Tools	Day end	PM/SPM/TRR Supervisor	If previous day end and other shift end should have been done, day end and day begin happen at once.

Bagging Operations

Work Process	Module	Main Card	Option	Role Assigned	Remarks
Bag close	Bag Mgmt	Bagging operations	Fetch counter	Mails PA/PA	It will fetch booked, return, and redirected articles from different counters.
Station bag close	Bag Mgmt	Bagging operations	Station bag close	Mails PA/PA	Bag will be closed with station articles (Need not to be dispatched).
INS verification	Bag Mgmt	Supervisor	Ins article or bag verification	SPM/Supervisor	INS article verification.
Bag close at PO	Bag Mgmt	Bagging operations	Close bag to RMS	Mails PA/PA	Bag will be closed to Parent RMS.
Ins bag verification	Bag Mgmt	Supervisor	Ins article or bag verification	SPM/Supervisor	Ins bag verification.
Error Management	Bag Mgmt	Supervisor	Error Management	SPM/Supervisor	Article short or excess, or damaged. Bag excess, short, torn errors.

Change article status	Bag Mgmt	Bagging operations	Change article status	SPM/Supervisor	Article status can be changed.
Bag Dispatch	Bag Mgmt	Bagging operations	Bag dispatch	PA	Bag will be dispatched.
Cancel bag dispatch / Re open bag	Bag Mgmt	Tools	Cancel Bag Desptach / Re open / Bag deletion	PA	Cancel Bag Dispatch / Re open / Bag deletion. Change Pincode, add articles to bag opened, change received bag status as opened.
Reports	Bag Mgmt	Bag reports	Printing of manifest, mail list, departure slip, bag label print	PA	Printing of manifest, mail list, departure slip, bag label print.

RMS Functionalities

Note: RMS bag flow will be shown separately for understanding purposes.

Work Process	Module	Main Card	Option	Role Assigned	Remarks
Mail office mapping	Sorting management	Mail office mapping/rotation	Mail office mapping	SRM	Mapping of mail office can be done (One time Job).
Creation of set / MO Management	Sorting management	Set Master Management	Create set, View Modify set	SRM	Set creation and modify set creation can be done (One time Job).

Staff management	Sorting management	Staff management	MO	Work assignment	SRM	Work assignment has to be done for each cadre, not for official (daily).
Work allocation	Sorting management	Staff management	MO	Duty allocation / Add Modify allocation	HRO/SRO	Duty allocation by the HRO/SRO (on Daily basis).
Set open / Set Close	Sorting management	MO Management		Set Open/Close	HAS	Set open or close by HAS (On daily basis).
Bag Receive	Bag Mgmt	Bagging operation		Bag receive	Sorting Asst	Sorting Asst will receive bags at NSH.
Bag open	Bag Mgmt	Bagging operation		Bag open	SA	Sorting Asst will open bags at NSH.
Insured article verification	Bag Mgmt	Supervisor		INS verification	HAS	HAS will verify received INS L/P before closing of bag to POs.
Bag close	Bag Mgmt	Bagging operation		Bag close	SA	SA will close the bags to POs.
Bag dispatch	Bag Mgmt	Bagging operation		Bag Desptach	SA	SA will Dispatch the bags to concerned POs.

IT 2.0 Work Flow Process for HO/SO/BO

Cash Flows (Cash Request from SO to HO, Cash Remittance from HO to SO)

Work Process	Module	Main Card	Option	Role Assigned	Remarks
Cash request from SO to HO (In bag)	Treasury	Cash/Cheques	Cash request	TRR	Cash request by treasurer (step 1)
	Treasury	Approval	Cash approval (SRC)	SO Supervisor	Approve by the SO supervisor (step-2)
	Treasury	Cash/Cheques	Cash process	HO Treasurer	HO Treasurer will process (Step-3) with deno
	Treasury	Approval	Cash approval (DST)	HO Postmaster	HO Postmaster will approve the request Step-4
	Treasury	Cash/Cheques	Cash bag	Treasurer HO	HO Treasurer will close the cash bag (5)
	Sub Accounts	Slips/bags	SO slip generation, close Bag	Sub accounts PA	Sub A/c PA will generate SO slips and close bag (6)
	Bag Mgmt	Bagging operation	Bag Desptach	Mails PA of HO	Mails PA dispatch bag to SO (7)
	Bag Mgmt	Bagging operation	Bag receipt	Mails PA of SO	Mails PA of SO will receive bag at SO (8)
	Sub accounts	Slips and bags	Open account bag	Sub accounts PA	Sub A/c PA of SO will receive bag at SO (9)
			Cash acknowledge		

	Treasury	Cash/Cheques		SO TRR	Cash acknowledgement by SO TRR (10)
Cash from HO to SO w/o Request	Treasury	Cash/Cheques	Cash remittance	HO TRR	HO Treasurer initiates cash flow (1)
Spl remittance					
	Treasury	Cash/Cheques	Cash approval (SRC)	HPM of HO	HO PM approves request given by TRR (2)
	Treasury	Cash/Cheques	Cash process	SO TRR	SO will process cash flow (3)
	Treasury	Approval	Cash approval (DST)	SO SPM	SO SPM will approve the cash (4)

Cash Flows (Stamps and IPOs from HO to SO on Request from SO)

Work Process	Module	Main Card	Option	Role Assigned	Remarks
Request stamps IPOs	Treasury	Stamps/Stat	Request/Remittance	SO TRR	SO TRR will place indent
	Treasury	IPO	IPO Request		
	Treasury	Approval	Stamps R/R Approve Approve IPO request	SO SPM	SO SPM will approve
	Treasury	Stamps/Stat	Process issue/receipt	HO TRR	HO TRR process stamps

		IPO	Process IPO indents		IPO indents
	Treasury	Approval	Stamps remit approval Approval remittance IPO	HO Postmaster	HO Postmaster will approve the request
	Treasury	Stamps/Stat	Cash bag	Treasurer HO	HO Treasurer will close the cash bag
	Sub Accounts	Slips/bags	SO slip generation, close	Sub accounts PA	Sub A/c PA will generate SO slips and close bag
	Bag Mgmt	Bagging operation	Bag Desptach	Mails PA of HO	Mails PA dispatch bag to SO
	Bag Mgmt	Bagging operation	Bag receipt	Mails PA of SO	Mails PA of SO will receive bag at SO
	Sub accounts	Slips and bags	Open account bag	Sub accounts PA	Sub A/c PA of SO will receive bag at SO
	Treasury	Stamps/IPOs	Acknowledge	SO TRR	Cash acknowledgement by SO TRR

Cash Flows (Cash from SO to HO in Bag, Spl Remittance)

Work Process	Module	Main Card	Option	Role Assigned	Remarks
Cash from SO to HO (Bag)	Treasury	Cash/Cheques	Cash remittance	SO TRR	Cash request by treasurer
	Treasury	Approval	Cash approval (SRC)	SO Supervisor	Approve by the SO supervisor
